

Community Integration through Cooperative Education (CICE)

This program will provide individuals with developmental disabilities and other significant learning challenges, the opportunity to pursue a post-secondary education and to develop employment readiness skills.

Students will be able to pursue college courses in a number of different areas – Culinary Management, Landscape/Horticulture, Business, Office Administration and General Arts and Science.

Students will also have the opportunity to participate in a number of field placements in their area of interest.

You are invited to attend our:

Student and Community Information Night

Wednesday November 23, 2016

**St. Clair College Main Campus, Room 321C at 7 p.m.
2000 Talbot Road West, Windsor, Ontario**

We will be discussing the program, admission requirements, the supplementary application package, the interview/selection process and the vocational options available in the program.

Please RSVP to Holly DiLoreto at 519-972-2727 ext. 4537 or hdiloreto@stclaircollege.ca

We look forward to seeing you there!
